2 Settlement Strategy

Question 1 New Housing Sites

Do you agree with our preferred housing sites? Are there any other sites that would be suitable for housing?:

I oppose site B1101 at Auchinyell road for new housing. My only reason for doing so is that the schooling facilities currently provided in the area are not fit to support the addition of more houses to the area.

If you proceed with this site you must evaluate the catchment areas, it's completely unreasonable to expect payment of the current level of council tax for this level of service and disregard for our children's education.

Within 500m of my address there are 3 different school catchment areas for both primary and secondary schools (Kaimhill, Airyhall, Cults and Harlaw, Hazelhead and Cults). These areas should be evaluated and merged to create a sustainable and socially mixed schooling areas.

The primary school my address is subscribed to is already over subscribed. The secondary school is too far away in comparison to other schools and travelling there adds to the issue of carbon emissions in the city centre. Please consider this before developing the land.

To be clear, if you adjust the catchment areas to address the issue then I do not oppose the proposal.

Question 7 City Centre Retail Core

Question 8 Union Street Frontages

Should the Union Street Frontages percentages be reviewed? Do the current target percentages ensure there is a balance between a strong retail focus and allowing for other uses? What other uses should we allow on the retail core area of Union Street:

Question 9 Out of Town Retailing

Should we direct high footfall uses to existing centres including the City Centre? Should we consider new out of town retail parks? What would the impact of these be on Union Street and the City Centre, and Aberdeen's network of centres?:

Question 10 Commercial Leisure Uses

Should we continue to direct commercial leisure uses towards existing centres and the beach and leisure area?:

Question 11 City Centre Living

How can we encourage more people to live in the City Centre? Would a document outlining the principles which need to be applied in converting a building into residential use be helpful?:
