**Subject:** Cordyce development, Dyce

I object to the further development of land within Dyce to be used for housing. The land at Cordyce was originally earmarked for facilities for an already overstretched community. Proposals were submitted for a Garden Centre, Leisure Centre and I believe some other options. The decision for which enterprise was to be chosen was delayed and postponed several times, whilst the local community were getting excited for the forthcoming opening of a community project. Meanwhile it 'appears' that some underhand shady backroom dealing was taking place within the council and then the community were told that neither option would be considered but more houses were to be built. I feel that Dyce community has been duped along with Gordon McGillivray and Lee McAllister. I also believe that neither or any other propositions were ever going to be seriously considered and that the council had already made their minds up to turn the area at Cordyce into another new housing estate. Clearly there has been no consideration for the provision of our already overstretched health, education and non existent leisure facilities.

I urge you to reconsider this decision as I for one will be making my voice heard and will encourage other to do the same.
