How to Complete

1 Introduction

Section 1 provides a context for the Main Issues Report Do you have any comments in relation to this section?

Do you have any comments in relation to this section?:

I object to the further development of land within Dyce for housing. The land at Cordyce was originally earmarked for facilities for an already over stretched community. Several proposals were put forward, including a Garden Centre and Gym. The decision date was delayed and postponed several times, whilst the local community were getting excited for the opening of a community facility. Meanwhile, it 'appears' that some underhand proposals were being discussed by the council. Then the residents were told that neither option was being considered but more houses were to be built.

I feel that Dyce community have been duped along with Gordon McGillivray and Lee McAllister. I feel that neither of the propositions were ever going to be considered and that the council had already made their minds up to turn the area at Cordyce into another new housing estate. Clearly there has been no consideration for facilities for the provision of our already stretched health, education and non existent leisure facilities.

I urge you to reconsider this decision as I for one will be making my voice heard and encourage others to do the same.
