My Response to the Main Issues Report

Development Bid Reference - B0944 - Inchgarth Road

I believe that the land at Inchgarth Road should be included in the Local Development Plan for the following reasons: -As a regular user of the small roads joining Inchgarth Road and Pitfodels Station Road. I wish to support and commend this Planning Application Ref. 181224/PP regarding the Land at Inchgarth Road Cults. I could not think of a better use for these unsightly fields and boundary walls. Pitfodels Station Road and Westerton Road are dangerous at both ends and often cause tail-backs on both main roads. An elderly friend has been hit by a van's wing mirror while walking on the very narrow pavement on one of the roads and another has had a nasty accident at the top of the same road. I personally have difficulty seeing what's coming, usually at considerable speed at each end of Pitfodels Station Road and Westerton Road. Pedestrians and cyclists are unsafe on all three roads. I therefore strongly support the new link road on this site. It will be strongly welcomed by the increasing number of motorists on the three small roads currently used and also by cyclists and pedestrians wishing to access the Deeside Way. From the plan the development looks sympathetic to and in keeping with the surrounding area.
