Development Bid Ref. B0944, Inchgarth Road

I request that the land at Inchgarth Road should be included in the Local Development Plan for the following reasons: This application addresses the current problems with the roads between the Garthdee area of the city and Deeside. They are very narrow, not fit for purpose and present significant dangers to drivers and pedestrians. The new road would bring significant benefits to all users and to the City itself. I could find no fault with the proposals which appear to take into account and address the dilapidated state of the site in a usually attractive area; the housing needs of the local and wider population; and the need to retain open spaces. The facilities provided are well thought out and would be an asset to any local area.
