LEADERS' OFFICE

11 APR 2019

RECEIVED

April 7. 2019.

Dear Marie,

Since I have received a letter asking for my views on planning matters, I shall be brief.

I do not see the need for more + more houses which are accessed from the North Deeside Rd.,. This road carries enough traffic as it is. We have put up with tail backs for a few years and put up with the dust which permeates our homes.

I particularly object to the proposed building of houses at Milltimber South. The farmer was already compensated and to sell those resplendent pretty fields seems just greedy for money. I also believe that the developer comes from the Glasgow area & I don't see what right he has to come to our area to develop - just for his own profit. (Gabal Dunsie)
