Main Issues Report - Response

Development Bid Reference B0944 Inchgarth Road

I request that the land at Inchgarth Road should be included in the Local Development Plan..

I support the Bid for the same reason as I support the planning application - see below.

I wish to support this plan and particularly the concept of a Retirement Village. With an ageing population and an identified need in the area for specialised housing for retired and elderly people, this the best possible location, close to public transport and with the additional health, retail and social amenities on site. I understand that green belt is important but this piece of land is unused, pretty inaccessible for most people and benefits only a few living nearby with dogs. This development would be of benefit to many. The quality of life that this development would provide for older people in small, purpose built houses, with a bit of garden or a patio and with like-minded neighbours, is exceptional. This offers choice where there is none in the area and from a social and health perspective (mental and physical) is an excellent development.
