My response to the Main Issues Report

Development Bid Reference 0944 Inchgarth Road

I request that the land at Inchgarth Road should be included in the Local Development Plan.

I know there is a planning proposal submitted for this site.

I support the Bid for the same reason as I support the planning application - see below.

Anything that can be done to improve the roads in Cults area is highly desirable. Apart from local transport, the roads in this area provide a crucial link when travelling from north and west to parts of the city in the east and south. This is one of the reasons the proposed road included in the planning application between North Deeside Road and Inchgarth Road should be given full backing. Other equally important reasons why it should be given full support are the improved safety aspect for drivers, cyclists and pedestrians as well as the improved access to the Deeside Way.

I am using the existing roads all the time and know how horrendous they are.

I think the use of this site as a retirement village for the elderly is commendable and certainly merits support as does the opportunity to create a green open space access ble to all which will also attract wildlife.
