Response:- Main Issues Report / Development Bid Reference B0944 Inchgarth Road

Approval of this bid will allow this piece of unused, unsightly land to be put to good use with many benefits to the community.

It is good to see a development of residential properties proposed which will serve a much needed purpose. The development is a great concept as it offers housing for the retired/elderly a care home and ancillary retail/community facilities. The mix of suitable smaller scale properties as well as the on-site facilities will certainly meet the requirements of what is a growing section of our population. I understand there will also be affordable homes included. The inclusion of the new road will address many traffic issues in the area.
