Response to Main Issues Report

Development Bid Reference ■■■ B0944 ■■■ Inchgarth Road

I support this development bid.

I believe developing this land would better serve this community than a piece of rough wasteland that is not particularly accessible to the public and that is currently a mess.

The current design and layout is appealing as well as practical. It enhances the area with managed, green, accessible space as well as meeting housing needs.

The additional facilities will provide a level of independence and amenities for the local area that are currently missing.

The positive impact of this development is indisputable with improved access to the Deeside Way and the creation of a new road. The existing small roads between the North Deeside Road and Inchgarth road pose a real danger to all users.
