Response to the Main Issues Report

Development Bid Reference B0944 Inchgarth Road

I support the Bid for the same reasons as I support the planning application - see below.

I consider this development as well thought out in that it acknowledges the already recognised high number of elderly people in this area and proposes a housing solution to fit their needs. It not only provides a housing solution but the mix of properties put forward once again recognises and addresses the different requirements even within this section of the community. To incorporate specific amenities i.e. doctors surgery, pharmacy, cafe, etc within the retirement village further focuses on their specific needs. The layout with the new open green space located adjacent to the housing will make for a very pleasant environment for the residents. The new road should also aid more easily access to amenities nearby.
