Response to the Main Issues Report  
Development Bid Reference 0944 Inchgarth Road

I support the Bid for the same reason as I support the planning application - see below.

I am very impressed with and therefore support the development. I can't think of a better way to add quality of life to the older generation than the provision of a Retirement Village such as this.

The range of house styles including amenity housing and the retail outlet, a nursing home and the inclusion of a leisure area with a pond, demonstrate a consideration for the housing needs of the area and of the needs of older people that is rarely seen in housing developments. The retention of some of the existing trees and the planting of new ones within the development and along the wildlife corridor and the retained green space fit well with the landscape. The overall design fits well with the character of the area, much more so than the existing unsightly wasteland. No-one could object to this development with the inclusion of a new road given the state of the existing network.
