My response to the Main Issues Report

Development Bid Reference ■■■ B0944 ■■■ Inchgarth Road

I support the bid for inclusion in the LDP and the proposed development for this site

The road infrastructure in this area leaves a lot to be desired. In particular the road links between the North Deeside Road and Garthdee are not only poor, they are also dangerous. A new modern safe road is long overdue and will greatly benefit the local and wider community. I am aware of the need for people in the area to downsize but am also aware there are few such properties available in the CMB area. This proposal includes the development of a Retirement Village with appropriate facilities for an elderly community. Such villages are quite common in the USA and where they have been built in the UK are much appreciated. The existing site is currently derelict and unusable for most people. It is to the developers credit that a large portion of the site will become managed green space which will be available to the general public and provide safer access to the Deeside Way.
