- landscape i.e fields & forest
- ~~variation~~ Variation of buildings
(some old, some new)
- Quiet & calm
- tarmacked more paths
(good for cycling)

Dislikes

- complicated roads
- too many potholes
- more colour
- tarmacked more paths
(too bad for walking)

- No dramatic
• changes, nice
• buildings

- if the population is ~~grr~~ going to grow by 25% then more people will pay taxes, meaning we will have more money to spend on repairing and rejuvenating. eg. Potholes & Paint.

- ~~the worst~~ the no we would like the houses which are currently being built to fit in with the neighboring houses and not look out of place.
