Main Issues Report - LDP - Response

Development Bid Reference ■■■ B0904 - Land Adjacent to Countesswells Wood

I request that this land is moved into land zoned for residential development. This site is well located, south facing and flat with knowing to constrain development. Connection to utilities is readily available as is high speed broadband. The site is well contained by nature which will allow it to retain its own identity while still providing good connectivity. The land sits directly south of land already allocated for housing development. With the building of new schools shortly to start in the area there will be excellent education provision.
