Response - Main Issues Report - LDP Consultation 2019
Development Bid Reference ■■■ B0904 - Land Adjacent to Countesswells Wood

I support the bid.

This small site would be ideal for allocation into the local development plan as residential development. It sits in an excellent corner site, well secluded but close to existing community. It would be close good shopping, recreation and education facilities. The site is well contained with the Countesswells development on one side and woodland to the north and west. The site currently serves no useful or productive purpose and no natural heritage value. It sits well with regard to footpath and cycle connections. The site will have a good landscape fit in the area.
