LDP Main Issues Report - Response

Development Bid Reference ■■■0904 - Land Adjacent to Countesswells Wood

This site should be allocated for residential development in the local development plan. It is illogical that it is not currently zoned for housing as it squares off the Masterplan development site. It is well sheltered, south facing and flat. There are no contamination constraints, It's well located for local facilities currently being built in the area e.g. shopping and recreation. It is ideally situated close to the woods with great connectivity for walking, cycling and public transport links. It is a small site and will be able to retain its own identity.
