Main Issues Report

Development Bid Reference 0904 - Land Adjacent to Countesswells Wood
Response

This small piece of land should be included in the local development plan. You only have to look at it to appreciate how well it would fit in with the existing community at Countesswells and the existing roads, pavements and services. It is an attractive and exciting location for a well designed scheme which would increase the biodiversity by the planting of more trees across the site. It will be very close to new education and other amenities as well as utilities.
