LOCAL DEVELOPMENT PLAN MAIN ISSUES REPORT 2019 CONSULTATION

Response to Local Plan seeking change to Policy NE5

Q. 2.11 Protecting and Enhancing the Natural Environment

I wish the above policy to be reviewed and removed. It is counter-productive in that it both restricts building opportunities regardless of size and will encourage the felling of trees unnecessarily so as to avoid falling foul of the policy. It goes well beyond the British Standards and Aberdeen City Council is the only council which has such an excessive regime with regard to trees and planning. It will not only impact upon the number of new homes being built to meet needs, but it will also prevent those who wish to extend their property as opposed the upheaval/expense of moving. The economic impact will be far reaching.
