LOCAL DEVELOPMENT PLAN MAIN ISSUES REPORT 2019 CONSULTATION

Response to Local Plan seeking change to Policy NE5

Q. 2.11 Protecting and Enhancing the Natural Environment

I request that the Council repeals this policy for the following reasons.

\*It is overly restricted in its terms and does not consider all the terms of the BS Guidance BS 5837 2012

\*Policy NE5 should be reviewed - the Guidance is not helpful and is inflexible with regard to tree management.

\*The Policy talks about impact but does not define it.

\*Currently the Policy is being used to stop development unnecessarily.

\*The particular matter of concern relates to 8.4.2 - trees zone of influence. The current strict application of this guidance has serious implications in terms of delivering existing sites and allocations contained within the LDP.

\*The current Policy/Guidance has a significant negative impact on economic development.
