Response to the Main Issues Report

Development Bid Reference 0944 Inchgarth Road

I support the Bid for the same reason as I support the planning application - see below.

As a business man in the area I strongly support this development. The existing roads between these two roads are totally unfit for purpose, both for vehicles and pedestrians. They are a safety hazard and should be replaced as soon as possible with the new road proposed in this plan. I recognise the need for more affordable housing and for more purpose built homes for the elderly. This site is an ideal location for the road and development. These fields are a disgrace and should be put to good purpose.
