My response to the Main Issues Report - I support Development Bid Reference B0944 at Inchgarth Road. The proposed development provides specialist housing and a care home for elderly/retired people which is much needed in this area of the city. Accommodation of this type in this environment would allow a number of people in the area to downsize from bigger less manageable houses. The development fits into the landscape with green space and a wildlife corridor and replaces the neglected fields which are an eyesore. The proposal for a new road will also provide a much safer route than the existing roads between the North Deeside Road and Inchgarth Road which are a nightmare to negotiate particularly at both ends.
