As a Property Developer living in the area I would like to support the Development Bid Reference "B0944" Inchgarth Road for the same reasons I supported the planning permission as follows;

It is rare to see a development proposal that, at one and the same time provides much needed solutions to problems, enhances the area considerably and is of such benefit to so many. The new road is an inspired provision as both Westerton Road and Pitfodels Station Road are potential accident traps. Furthermore, in my line of work, I am well aware of the need for special provision for the elderly and how much existing Retirement Villages are appreciated. To have a substantial part of available acreage (currently unsightly and of little or no worth to the community) maintained as parkland will be beneficial for both human and wildlife coexistence. I am therefore pleased to give this whole bid my strong support.
