1 Introduction

Section 1 provides a context for the Main Issues Report Do you have any comments in relation to this section?

Do you have any comments in relation to this section?:
No.

2 Settlement Strategy

Question 1 New Housing Sites

Do you agree with our preferred housing sites? Are there any other sites that would be suitable for housing?:

I do not agree with the preferred housing sites. I believe that the Cloverhill site (Bid Reference B0220) should be included for housing, for the following reasonsâ██

As a neighbour of the site I believe that housing is a far more appealing prospect than business use which would create more traffic and pollution.
The Bridge of Don would benefit from new housing in a wider choice of locations than is available or currently proposed while it will give a much needed football pitch for the local team which will enhance community spirit and offer opportunities for young people.
The recent facilites at murcar roundabout have helped however we still need much needed additional shopping and leisure opportunities. We need a much needed community meeting place.
Good play parks and nice landscaped areas being offered.
There will be a welcome speed limit reduction and a proper safe crossing over the dual carriageway towards the beach.

Question 2 Housing Allowances Beyond 2032

Is there a need for us to identify further Housing Allowances or sites for the period beyond 2032?:
no

Question 3 Brownfield and other Opportunity Sites

Are there any further brownfield or other opportunity sites which would be suitable for redevelopment?:
Cloverhill site (Bid Reference B0220)

Question 4 New Healthcare Facilities

Do you have any comments on these sites? Are there any other sites in these areas that we should be considering?:
