Local Development Plan Main Issues Report

Inchgarth Road - Development Bid Reference 0944

I write in support of this Bid

The proposed housing reflects exactly the needs of the area as outlined in the Community Council's own draft plan. There are so many older people in this area who would like to downsize but who do not want to go into a flat complex and who would also want to stay in the area. This a lovely answer to their problem. The addition of facilities such as a pharmacy and the health facilities is the icing on the cake. The inclusion of open space and a wildlife corridor is brilliant as it enhances the green space and makes a derelict attractive and accessible.

As for the roads, everyone that I have spoken to has a tale to tell about the the small, narrow roads that currently traverse this area. I know that we have. I'm sure that the planners are well aware of all of the hazards to drivers and pedestrians including the impact on the traffic on the North Deeside Road. There have already been a number of accidents with cars and with pedestrians on these roads. ACC need to take action on this. The new road would be very favourably received by everyone in the city and beyond whose these small road.
