Main issues report ; bid reference B0944 Inchgarth Road

I would like to register my support for the above.

I visit this area often and there are a lot of traffic problems around this area. Westerton Road and Pitfodels Road are very small and too narrow for the volume of traffic in this area and are dangerous at both of the ends and cause congestion on the North Deeside Road. It causes issues on surrounding streets which drivers sometimes use to access Westerton Road. The relief road would provide a solution to this situation and also provide easier access to the railway line.

I think this proposal would benefit the whole community in this area.
