Hi,

I am against the destruction of the woods at tolohill for housing.

It's incredibly valuable for stakeholders such as dog walkers, families and wildlife and so on.

One area you might not be aware of is its use by professional dog walkers for taking packs of dogs. There are very few suitable places for packs of dogs near to Aberdeen and by removing a popular one it could harm people's businesses. Without these woods, other areas of greens pace could become over crowded with

dog walkers. Which could create dangerous situations.

Please think about the value of woodland. Surely there are other areas that developers can buy for housing.

Thank you for reading. I hope there is still time for you to save our woodland for both Aberdeen residents and our wildlife.
