Subject: Proposal number B09/44 Inchgarth

Dear Sirs,

Proposal number B09/44 Inchgarth

I would again like to state our objections to the proposed development in the conservation area at Pitfoddles. It is absolutely unacceptable to pass planning for another road to link up with Inchgarth Road. The AWPR has made a significant difference to the volume of traffic on the North Deeside Road. The proposed link road, suggests it would be able for larger lorries and buses to use it, Inchgarth road is totally unsuitable for this. Cults area also has a significant amount of housing for the elderly, and it is almost impossible to have an appointment with the Dr at the cults surgery..

Kind Regards

Dawn
