

Aberdeen Local Development Plan Review

Main Issues Report Response Form 2019

Aberdeen City Council has published a Main Issues Report (MIR) which is part of the process of preparing a new Local Development Plan. It is designed to gather views on specific proposals and sets out options for dealing with the key planning matters facing Aberdeen over the next 20 years such as the location of new housing and employment development, the future of retailing and the City Centre, housing needs and tackling climate change. It also includes a number of potential new policies which would be used in the determination of planning applications.

The MIR has been published alongside a Monitoring Statement and Environmental Report. Copies are available to view at Marischal College, Broad Street, Aberdeen. These, and other supporting documents, are available at: - www.aberdeencity.gov.uk/aldp2022

Everyone now has the chance to comment on the report and associated documents. All comments received will be considered and used to inform the preparation of the Proposed Aberdeen City Local Development Plan. There will be a further opportunity to comment on the Proposed Plan when it is published in early 2020.

The consultation runs from 4 March 2019 to 13 May 2019.

Regarding Section 2, Question 1 ..Settlement Strategy, I disagree with the preferred housing sites identified. As the owner of Ironfield (the house which takes access through Cloverhill ..Site BO220 - and sits on its eastern boundary) I am highly supportive of the proposed residential development. The community facilities being offered will add significant amenity to the area and a residential development is a far more appealing prospect than business land lying empty for a further decade or more.

The plans I have seen to-date show a well laid-out scheme with substantial green parks, play areas and a good mix of house types.

The proposed junction and reduced speed limit would be of great benefit to people on the east of the road with opportunities to head north or cross the road by foot to go to the new Marks and Spencer and coffee drive-through in Denmore, and to those on the west to visit the beach area.

The current situation in which an over-abundance of unwanted business land prevails in the area is a serious disincentive to business users. Homes are urgently required and would act as a positive stimulant to the commercial prospects of the whole area.

Please adopt this site for residential use and bring much needed community facilities and housing to the area.
