**Subject:** B03-04 - Craighden - Potential Development of Amenity Land for Care Home

Hello,

In relation to the ongoing consultation on the Local Development Plan I would like you to record my views about the community amenity land identified as site B03-04 Craighden.

Although the site was not identified as a preferred site in the Draft Main Issue Report our community is concerned that the status of this amenity land may change as part of the ongoing consultation.

Therefore I would like my concerns formally recorded and considered as part of this process in the event that the landowner makes representations to change the status of this community amenity land. My main concerns are:-

- Loss of Amenity space
- Reduced quality of life due to loss of valuable green space
- Increased personal risk due to increased road traffic and access via a blind corner

Please confirm safe receipt of these concerns and I trust they will be recorded and considered appropriately as part of the process.

Kind regards

Keith Riddoch
