## What would you like to say about the issue?

I dont think the old coast road could cope with the extra traffic with the proposed development .It it congested at present(especially at 7-9 am and 4-6 pm) and with the old cove rangers fc just been allocated housing development it is too much traffic. There are deer in the fields at present most days for a couple of hours. I do not think we should be depriving our children of seeing these. There are also a pair of owls who hunt in the field occasionally along with other birds of prey and bats Where will they all go?The fields in question are used by people to exercise their dogs. We need to keep some space for this purpose.

## What change would you like to see made?

Leave the fields as they are for dog exercising ,possibly make a path through them and build a pond and plant trees to encourage more wildlife. Forget pleasing the building developers by cramming more housing into a dense village and look after the current residents instead.
