Photograph Challenge

Please use the disposable camera provided to take pictures of **things you like** about your local area and **things you do not like** or would change (when doing this, please try and think of things which could be considered as planning issues). Each camera can take 27 shots - please try to take an equal number of pictures of things you like and things you do not like.

You may wish to relate these photographs to the planning issues you have identified on your maps, and mark a number on the map to show where you took each photograph.

Please return cameras **undeveloped**. Please refer to the enclosed information sheet if you would prefer to use your own digital camera to complete this exercise.
