## Pre- Main Issues Report Questionnaire 2013

Feel free to continue on separate sheets if necessary and attach to the questionnaire. You do not have to answer every question.

### Vision

2.1 What do you think are the most important things that make Aberdeen a good place to live, visit and/or work?

*improve city centre :  
traffic / transport links  
pedestrianise Union St.  
more affordable housing in  
city centre*

2.2 What do you think should be the Council's top priorities for the next Aberdeen Local Development Plan?

~~improvement~~

*H O P E*

2.3 Do you have any particular aspirations for your community or Aberdeen as a whole that you think should be taken forward, through the ALDP? For example, what are your views on recycling of waste, affordable housing, access to green space or ways to reduce CO<sub>2</sub> emissions?

*Affordable housing in  
city centre.  
Make centre more  
attractive - Union Square  
is buzzing - why not Union  
Street?  
Sort out public transport  
- introduce competition  
to reduce costs.*

## Policy Topic Areas

### What do you think should be our main planning priorities for...

2.4 ...the City Centre? (For example, what should the role of Union Street be? Does the City Centre have all the uses we want, or should there be more uses there - and if so where could they go?)

Union Street - traffic out people in, reduce business rates to attract businesses, more cafes / pedestrianisation galleries, not just shops + phone shops.

2.5 ...providing infrastructure? (For example, how should new infrastructure be provided and how might it be paid for?)

Get rid of the unions and pay council workers same as in the private sector - and save millions!

2.6 ...transport and accessibility? (For example, how can we make it easier to travel in and around Aberdeen? Should we look at pedestrianisation in the City Centre?)

Pedestrianisation

Better cheaper bus service / competition

Limit free buses for OAP to say 5 mile radius / no. of journeys

2.7 ...ensuring we have high quality buildings and places? (For example, how can we better protect our built heritage and ensure high quality and sympathetic architecture and landscape design?)

Ensure planners + more importantly planning committee have vision to improve city centre.

2.8 ...meeting the needs of business and industry? (For example, what can be done to retain existing businesses and attract new employment opportunities to Aberdeen?)

Make it a more attractive place - transport links, get people visiting, get rid of beggars, reduce parking costs.

2.9 ...meeting Aberdeen's housing and community needs? (For example, how can we meet the needs of people who cannot afford mainstream housing?)

More affordable housing in city centre. (without parking).

**2.10** ...supporting retail centres across Aberdeen?  
(For example, should we be safeguarding existing centres, and what are your thoughts on new out-of-town retail parks?)

.....  
.....  
.....  
.....  
.....  
.....  
.....

**2.11** ...protecting and enhancing the natural environment and preventing flooding?  
(For example, what areas or features should we be safeguarding?)

Protect UTG but  
cover over rail/road  
& extend access from  
Belmont St.

**2.12** ...ensuring that resources and waste are managed sustainably?  
(For example, can we make more innovative use of waste as a resource? Should we encourage renewable energy use? How could we do these things?)

.....  
.....  
.....  
.....  
.....  
.....  
.....

**2.13** If you have any views on topics not covered above, please write them below.

Get more inspiring  
people in to head up  
the city council.  
Current ones knock  
every good suggestion  
on the head and leave  
me feeling deflated!
