Name	MICHAEL ROBERTSON
Organisation	
Organisation/group/landowner:	
2.1 What do you think are the most important things that make Aberdeen a good place to live, visit and/or work?	Good transport Adequate affordable transport including competition in bus services Respect for the settled community and their wishes Affordable housing Design to minimize the potential for irrational and unsympathetic development As above for alterations to existing properties Rapid removal of litter and graffiti
2.2 What do you think should be the Council's top priorities for the next Aberdeen Local Development Plan?	AWPR and other road improvements
2.3 Do you have any particular aspirations for your community or Aberdeen as a whole that you think should be taken forward through the ALDP? For example, what are your views on recycling of waste, affordable housing, access to green	I aspire to see properties maintained throughout Aberdeen, both private and Council owned I wish not to walk through a sea of discarded gum I wish to not see so much rubbish lying around I want to see the Recycling Centre at the Bridge of Don

<p>space or ways to reduce CO2 emissions?</p>	<p>returned to nature when vacated CO2 emissions will be taken care of by national initiatives and Council ought to concentrate on own generated co2 within the Council estate ad Council vehicles</p>
<p>2.4 What do you think should be our main planning priorities for the City Centre? (For example, what should the role of Union Street be? Does the City Centre have all the uses we want, or should there be more uses there- and if so where could they go?)</p>	<p>Repair and maintenance of buildings Design standards improved Gum cleared , rubbish uplifted Pedestrianize Union Street from Bridge Street to Market Street permanently Union Street to be more leisure</p>
<p>2.5 What do you think should be our main planning priorities for providing infrastructure? (For example, how should new infrastructure be provided and how might it be paid for?)</p>	<p>AWPR , then roads program mes - finish off inner ring road and Denburn to Gt Northern Road link make Westburn Road Dual to Caroline Place interchange</p>
<p>2.6 What do you think should be our main planning priorities for transport and accessibility? (For example, how can we make it easier to travel in and around Aberdeen? Should we look at pedestrianisation in the City Centre?)</p>	<p>Competiton in bus service provision Pedestrianise Union St from Bridge St to Market Street</p>
<p>2.7 What do you think should be our main planning priorities for ensuring we have high quality buildings and places? (For example, how can we better protect our built heritage and ensure high quality and sympathetic architecture and landscape design?)</p>	<p>Too may new estates looking awful due to unsympathetic alterations - make rules Ban roof paining</p>
<p>2.8 What do you think should be our main planning priorities for meeting the needs of business and industry? (For example, what can be done to retain existing businesses and attract new employment opportunities to Aberdeen?)</p>	<p>Make more City land available for business</p>
<p>2.9 What do you think should be our main planning priorities for meeting Aberdeen's housing and community needs? (For example, how can we meet the needs of people who cannot afford mainstream housing?)</p>	<p>Council housing or Trust owned housing is needed for low income families</p>

2.10 What do you think should be our main planning priorities for supporting retail centres across Aberdeen? (For example, should we be safeguarding existing centres, and what are your thoughts on new out-of-town retail parks?)	need more provision of low cost starter shops empty shops ought to get a rates concession if they allow ""pop up"" shops for a short period
2.11 What do you think should be our main planning priorities for protecting and enhancing the natural environment, and preventing flooding? (For example, what areas or features should we be safeguarding?)	Link block and tar driveways to have drainage to minimize surface run off
2.12 What do you think should be our main planning priorities for ensuring that resources and waste are managed sustainably? (For example, can we make more innovative use of waste as a resource? Should we encourage renewable energy use? How could we do these things?)	No opinion
2.13 If you have any views on topics not covered above, please write them below.	Ban doorstep selling Ban illegal traveller camps Build 2 x super site of 25 plus capacity each for travellers
