2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies the [protected characteristics](#) that the policy potentially affects and records the impact and mitigating steps.

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	What is the impact?				
	Negative			Neutral	Positive
	High	Medium	Low		
Age			X		
Disability			X		
Gender Reassignment				X	
Marriage and Civil Partnership				X	
Pregnancy and Maternity				X	
Race				X	
Religion or Belief				X	
Sex				X	
Sexual Orientation				X	

2.2 In what way will the policy impact people with these protected characteristics?

Age is impacted as children will not receive the same level of music tuition. The service will become more competitive and the waiting list for music lessons will increase. Services for children with disabilities will be reduced at the same level as for those with no disabilities.

2.3 What considerations have been made in reaching the above assessment?

What internal or external data has been considered? What does this data tell us?

The number of staff employed across the city

The number of lessons delivered

The number of pupils currently receiving tuition and the method of delivery (individual, group or class)

Data on the nature and needs of learners accessing the service

What consultation and engagement and has been undertaken with officers and partner organisations?

Consultation with colleagues across children and family services including the head of the music service. Discussion with the head of the music school to see where there could be further links and supports

What consultation and engagement and has been undertaken with people who may be impacted by this policy (e.g. citizens, community groups, or other people/groups)?

Aberdeen City Council launched a three-part public consultation around the 2024/25 Budget and future spending plans from July 2023 to January 2024. In part 1, which ran throughout July 2023, people were asked to award points across different service areas to indicate where they thought the council's spending priorities should be. In part 2, the public could either increase, decrease or not change the level of expenditure in areas listed. In part 3, which took place throughout January 2024, there were two face to face sessions for the public to attend and an online consultation. There were 3,179 responses to part 1, 2,564 responses to part 2 and 285 responses to part 3. Included in all parts of the consultation was a specific question regarding the reduction in the level of music service.

2.4 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?

The service has purchased Charanga software and trained primary staff. This will provide non musical teachers something to support whole class teaching in basic musicality but won't replace individual tuition

This could be mitigated through the introduction of less frequent lessons with support materials between lessons to support practise. Only provide tuition to secondary pupils to allow staff to prioritise SQA examination preparation

With mitigations in place, what is the new overall rating of the negative impact(s)?

High	
Medium	
Low	x
Negative Impact Removed
