

# Integrated Impact Assessment

The purpose of Aberdeen City Council is to protect the people and the place of Aberdeen from harm, enabling them to prosper and supporting them in the event of harm happening.

The purpose of an Integrated Impact Assessment is to evidence that Aberdeen City Council are making decisions in an informed way, and that the impact of decisions made is understood and accepted. The legislation that is considered within this assessment are:

New
<b>1.4 Is this report going to a committee?</b>
Yes
<b>1.5 Committee name and date:</b>

## Impacts

This section demonstrates the considerations that have been made in relation to the policy - and that the impact of proposals made is understood and accepted.

## 2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies the [protected characteristics](#) that the policy potentially affects and records the impact and mitigating steps.

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	What is the impact?				
	Negative			Neutral	Positive
	High	Medium	Low		
<a href="#">Age</a>			X		
<a href="#">Disability</a>			X		
<a href="#">Gender Reassignment</a>				X	
<a href="#">Marriage and Civil Partnership</a>				X	
<a href="#">Pregnancy and Maternity</a>			X		
<a href="#">Race</a>				X	
<a href="#">Religion or Belief</a>				X	
<a href="#">Sex</a>				X	
<a href="#">Sexual Orientation</a>				X	

2.2 In what way will the policy impact people with these protected characteristics?

The proposal would remove the ability of citizens, staff and elected members to watch Council and Committee meetings online. Webcasting facilities are available in both the Council Chamber and CR2 but these would no longer be in use, or the hours used would be significantly reduced. Webcasting provides ease of access for people with mobility difficulties or caring responsibilities so they be adversely affected if this were no longer available. Webcasts have also been a tool to improve transparency and accessibility of committees and decision making process. Staff are also able to access these where they cannot attend due to other conflicting meetings.

2.3 What considerations have been made in reaching the above assessment?

### What internal or external data has been considered? What does this data tell us?

Phase 2 budget consultation and targeted stakeholder engagement responses.

### What consultation and engagement and has been undertaken with officers and partner organisations?

The proposal has been discussed within the extended Corporate Management Team and with committee services.

### What consultation and engagement and has been undertaken with people who may be impacted by this policy (e.g. citizens, community groups, or other people/groups)?

Aberdeen City Council launched a three-part public consultation around the 2024/25 Budget and future spending plans from July 2023 to January 2024. In part 1, which ran throughout July 2023, people were asked to award points across different service areas to indicate where they thought the council's spending priorities should be. In part 2, the public could either increase, decrease or not change the level of expenditure in areas listed.

There were 3,192 responses to part 1 and 2,654 responses to part 2. Part 3 was undertaken online and face-to-face where 126 people with protected characteristics took part and 377 comments were received.

From part 3 of the consultation process, there was one specific comment on this proposal from a person with disabilities. This stated, "Webcasting in itself has done so much re.

*engagement for those that would previously not have been able to find out information from council debates. Transparency and public scrutiny for those that cannot attend. Low cost for huge benefit.”*

#### 2.4 What mitigations can be put in place?

## 5: Children and Young People’s Rights Impacts

The United Nations Convention has 54 articles that cover all aspects of a child’s life and set out the civil, political, economic, social and cultural rights that all children everywhere are entitled to. It also explains how adults and governments must work together to make sure all children can enjoy all their rights.

Children’s rights apply to every child/young person under the age of 18 and to adults still eligible to receive a “children’s service” (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the “General Principles” and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

1. Non-discrimination (Article 2)
2. Best interest of the child (Article 3)
3. Right to life survival and development (Article 6)
4. Right to be heard (Article 12)
