## 1. About the Policy

<b>1.1 Title</b>
Restructure Grounds/Street Cleansing.
<b>1.2 What does this policy seek to achieve?</b>
Redesign street sweeping and grounds team to limit weekend overtime etc. Statutory service. Staff terms and conditions would need to be amended. Will increase demand on other street sweeping and litter picking teams. Risk of some areas receiving less street sweeping as remaining resources are moved into high profile areas, which may lead to more complaints and challenges on meeting cleanliness standards. Will result in reduction of SPIs and Service Standards. Will impact significantly on flooding and gully emptying works. Significant risk in responding to severe weather events and a reduction in prevention (through reduced removal of leaves and other detritus) resulting in increased flooding incidents.
<b>1.3 Is this a new or existing policy?</b>
New
<b>1.4 Is this report going to a committee?</b>
Will be considered as part of the 2024/25 budget proposals
<b>1.5 Committee name and date:</b>

## Impacts

This section demonstrates the considerations that have been made in relation to the policy - and that the impact of proposals made is understood and accepted.

### 2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies the [protected characteristics](#) that the policy potentially affects and records the impact and mitigating steps.

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	What is the impact?				
	Negative			Neutral	Positive
	High	Medium	Low		
<a href="#">Age</a>			X		
<a href="#">Disability</a>			X		
<a href="#">Gender Reassignment</a>				X	
<a href="#">Marriage and Civil Partnership</a>				X	
<a href="#">Pregnancy and Maternity</a>				X	
<a href="#">Race</a>				X	
<a href="#">Religion or Belief</a>				X	
<a href="#">Sex</a>				X	
<a href="#">Sexual Orientation</a>				X	

2.2 In what way will the policy impact people with these protected characteristics?

Roads and pavements may be left longer before cleaning which will lead to a build up of litter and debris. This may reduce accessibility to older people or disabled people.

2.3 What considerations have been made in reaching the above assessment?

#### What internal or external data has been considered? What does this data tell us?

Service data and budget information.

Data from the phase 2 budget consultation process has been reviewed and the option is clearly unpopular with the citizens of Aberdeen.

SPI data and Keep Scotland Beautiful data confirms that Aberdeen already ranks in the lower half of local authority cleanliness standards.

There were no additional concerns for impacts on people with protected characteristics.

#### What consultation and engagement and has been undertaken with officers and partner organisations?

Chief Officers from all other services have had sight of all budget options being put forward.

#### What consultation and engagement and has been undertaken with people who may be impacted by this policy (e.g. citizens, community groups, or other people/groups)?

Aberdeen City Council launched a three-part public consultation around the 2024/25 Budget and future spending plans from July 2023 to January 2024. In part 1, which ran throughout July 2023, people were asked to award points across different service areas to indicate where they thought the council's

spending priorities should be. In part 2, the public could either increase, decrease or not change the level of expenditure in areas listed. In part 3, which took place throughout January 2024, there were two face to face sessions for the public to attend and an online consultation. There were 3,179 responses to part 1, 2,564 responses to part 2 and 285 responses to part 3. Included in all parts of the consultation was a specific question regarding the reduction of street cleaning services / grounds services.

80% of the the reduction of street cleaning services and 63% for the reduction in grass cutting. Both of these services are impacted by the restructuring of the service proposed. From part 3 of the consultation process, there were a number of specific comments on the proposed closure. These stated,

‘all of these proposals are terrible. you are ruining our lovely city if you neglect street cleaning , road maintenance and ensuring streets are well lit. road pavements will become poorly lit , dirty with rubbish and paving slabs on properly maintained this will cause trip hazards for the elderly.’

#### 2.4 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?		
Reduce areas of service with least impact on general public.		
With mitigations in place, what is the new overall rating of the negative impact(s)?	High	
	Medium

## 5: Children and Young People’s Rights Impacts

The United Nations Convention has 54 articles that cover all aspects of a child’s life and set out the civil, political, economic, social, and cultural rights that all children everywhere are entitled to. It also explains how adults and governments must work together to make sure all children can enjoy all their rights.

Children’s rights apply to every child/young person under the age of 18 and to adults still eligible to receive a “children’s service” (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the “General Principles” and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

1. Non-discrimination (Article 2)
2. Best interest of the child (Article 3)
3. Right to life survival and development (Article 6)
4. Right to be heard (Article 12)
