

# Integrated Impact Assessment

The purpose of Aberdeen City Council is to protect the people and the place of Aberdeen from harm, enabling them to prosper and supporting them in the event of harm happening.

The purpose of an Integrated Impact Assessment is to evidence that Aberdeen City Council are making decisions in an informed way, and that the impact of decisions made is understood and accepted. The legislation that is considered within this assessment are:

- Section 2 [Equality Act 2010 protected characteristics](#)
- Section 3 [Socio-Economic](#)
- Section 4 [Human Rights](#)
- Section 5 [Children and Young People’s Rights](#)

The term ‘policy’ is used throughout this document and applies to policies, proposals, strategies, provision, criteria, functions, practice, budget savings and activities that includes delivery of our services.

## 1. About the Policy

<b>1.1 Title</b>
Garden waste permit charge.
<b>1.2 What does this policy seek to achieve?</b>
Increase of the Garden waste permit charge from £30 to £40.  There is a risk the increase may be unaffordable to some, therefore there may be reduction in the take up of the Garden Waste Permits.
<b>1.3 Is this a new or existing policy?</b>
Existing
<b>1.4 Is this report going to a committee?</b>
Yes
<b>1.5 Committee name and date:</b>
Full council – 6 March 2024
<b>1.6 Report no and / or Budget proposal number and / or Business Case reference number:</b>
OSW-02

## Impacts

This section demonstrates the considerations that have been made in relation to the policy - and that the impact of proposals made is understood and accepted.

## 2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies the [protected characteristics](#) that the policy potentially affects and records the impact and mitigating steps.

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	What is the impact?				
	Negative			Neutral	Positive
	High	Medium	Low		
<a href="#">Age</a>				X	
<a href="#">Disability</a>				X	
<a href="#">Gender Reassignment</a>				X	
<a href="#">Marriage and Civil Partnership</a>				X	
<a href="#">Pregnancy and Maternity</a>				X	
<a href="#">Race</a>				X	
<a href="#">Religion or Belief</a>				X	
<a href="#">Sex</a>				X	
<a href="#">Sexual Orientation</a>				X	

2.2 In what way will the policy impact people with these protected characteristics?

No impacts identified.

2.3 What considerations have been made in reaching the above assessment?

### What internal or external data has been considered? What does this data tell us?

The garden waste service is not a comprehensive service, in that it is not available to, or needed by, all households. And for those who are eligible, participation is optional.

There are free alternatives for those who cannot or choose not to buy a permit. These include home composting (which is a much better alternative environmentally), disposal via a recycling centre or, as a last resort, in the residual waste bin.

Data reviewed for the budget consultation process suggests no clear links to protected characteristics.

### What consultation and engagement and has been undertaken with officers and partner organisations?

### What consultation and engagement and has been undertaken with people who may be impacted by this policy (e.g. citizens, community groups, or other people/groups)?

Aberdeen City Council launched a three-part public consultation around the 2024/25 Budget and future spending plans from July 2023 to January 2024. In part 1, which ran throughout July 2023, people were asked to award points across different service areas to indicate where they thought the council's spending priorities should be. In part 2, the public could either increase, decrease or not change the level of expenditure in areas listed. In part 3, which took place throughout January 2024, there were

two face to face sessions for the public to attend and an online consultation. There were 3,179 responses to part 1, 2,564 responses to part 2 and 285 responses to part 3. Included in all parts of the consultation was a specific question regarding the garden waste service. Analysis of data did not highlight any specific impact on protected characteristics

#### 2.4 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?	
None necessary.	
With mitigations in place, what is the new overall rating of the negative impact(s)?	High
	Medium
	Low
	Negative Impact Removed

### 3: Socio-Economic Impacts

This section is used to consider the impact of the policy on people who might be **unemployed, single parents, people with lower education or literacy, looked after children**, those with **protected characteristics** as examples.

Use this guide to understand more on socio-economic inequalities: [The Fairer Scotland Duty: Guidance for Public Bodies \(www.gov.scot\)](http://www.gov.scot)

#### 3.1 What impact could this policy have on any of the below groups?

Group	Negative			Neutral	Positive
	High	Medium	Low		
Low income / income poverty – those who cannot afford regular bills, food, clothing payments.			X		
Low and/or no wealth – those who can meet basic living costs but have no savings for unexpected spend or provision for the future				X	
Material deprivation – those who cannot access basic goods and services, unable to repair/replace broken electrical goods, heat their homes or access to leisure or hobbies				X	
Area deprivation – consider where people live and where they work (accessibility and cost of transport)			X		
Socio-economic background – social class, parents' education, employment, income.				X	

### 3.2 In what way will the policy impact people in these groups?

The increase in charge may be unaffordable for those on low incomes and may disadvantage those who do not have transport to take garden waste to a recycling centre.

### 3.3 What considerations have been made in reaching the above assessment?

#### What internal or external data has been considered? What does this data tell us?

The charge has remained the same (£30 per household for up to 2 permits) since it was introduced in 2019. Participation (just over 50% of eligible households – noting that not everyone who is eligible will produce garden waste and some of those that do will compost at home) has remained relatively stable in that time.

#### What consultation and engagement and has been undertaken with officers and partner organisations?

#### What consultation and engagement and has been undertaken with people who may be impacted by this policy? citizens, community groups, or other people/groups impacted by this policy?

Aberdeen City Council launched a three-part public consultation around the 2024/25 Budget and future spending plans from July 2023 to January 2024. In part 1, which ran throughout July 2023, people were asked to award points across different service areas to indicate where they thought the council's spending priorities should be. In part 2, the public could either increase, decrease or not change the level of expenditure in areas listed. In part 3, which took place throughout January 2024, there were two face to face sessions for the public to attend and an online consultation. There were 3,179 responses to part 1, 2,564 responses to part 2 and 285 responses to part 3. Included in all parts of the consultation was a specific question regarding the garden waste service. Analysis of data did not highlight any specific impact on protected characteristics.

### 3.4 What mitigations can be put in place?

#### What mitigations are there against any negative impacts (if applicable)?

Although this is an increase in charge, this is an optional service and other avenues are available to deal with garden waste at no cost. These include home composting (which is a much better alternative environmentally), disposal via a recycling centre or, as a last resort, in the residual waste bin.

#### With mitigations in place, what is the new overall rating of the negative impact(s)?

High	
Medium	
Low	
Negative Impact Removed	X

## 4: Human Rights Impacts

The Human Rights Act 1998 sets out the fundamental rights and freedoms that everyone in the UK is entitled to. It incorporates the rights set out in the European Convention on Human Rights (ECHR) into domestic British law. The Human Rights Act came into force in the UK in October 2000

The Act sets out our human rights in a series of 'Articles'. Each Article deals with a different right.

Use this guide to understand more about [Human Rights](#).

4.1 What impact could this policy have on Human Rights?

4.2 In what way will the policy impact Human Rights?

No impacts identified.

4.3 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?	
None necessary.	
If mitigations are in place, does this remove the negative impact?	No – negative impact remains
	Yes – negative impact reduced
	Yes - negative impact removed

## 5: Children and Young People’s Rights Impacts

The United Nations Convention has 54 articles that cover all aspects of a child’s life and set out the civil, political, economic, social and cultural rights that all children everywhere are entitled to. It also explains how adults and governments must work together to make sure all children can enjoy all their rights.

Children’s rights apply to every child/young person under the age of 18 and to adults still eligible to receive a “children’s service” (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the “General Principles” and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

1. Non-discrimination (Article 2)
2. Best interest of the child (Article 3)
3. Right to life survival and development (Article 6)
4. Right to be heard (Article 12)

You can [read the full UN Convention \(pdf\)](#), or [just a summary \(pdf\)](#), to find out more about the rights that are included.
