The purpose of Aberdeen City Council is to protect the people and the place of Aberdeen from harm, enabling them to prosper and supporting them in the event of harm happening.

The purpose of an Integrated Impact Assessment is to evidence that Aberdeen City Council are making decisions in an informed way, and that the impact of decisions made is understood and accepted. The legislation that is considered within this assessment are:

- Section 2 [Equality Act 2010 protected characteristics](#)
- Section 3 [Socio-Economic](#)
- Section 4 [Human Rights](#)
- Section 5 [Children and Young People’s Rights](#)

The term ‘policy’ is used throughout this document and applies to policies, proposals, strategies, provision, criteria, functions, practice, budget savings and activities that includes delivery of our services.

1.1 Title
Re-baseline all ICT/ Digital costs to Partners
1.2 What does this policy seek to achieve?
The original business relationships established when the ALEOs and 3 rd party organisations (eg Aberdeen Health and Social Care Partnership) were formed focused on the service models that were prevalent at the time. Since then digital services have become more operationally costed expenditure (Opex) including licence costs, lease costs and cloud services. The bulk of these cost changes are being subsumed into the council’s digital and technology budget. Many of these are nett new and have replaced the capital expenditure that these organisations would have included in their business plans at the time of transfer in order to ensure continuity of business delivery. This option is associated with funding arrangements. Service delivery will continue as is to ensure the benefits of digital services and modernisation can be realised. There are no staffing implications.
1.3 Is this a new or existing policy?
Recharges are a current part of the business model. This proposal seeks to align the basis for the costs to account for changes in the digital technology market.
1.4 Is this report going to a committee?
Yes

Council Budget Meeting
6 th March 2024
1.6 Report no and / or Budget proposal number and / or Business Case reference number:

It also explains how adults and governments must work together to make sure all children can enjoy all their rights.

Children’s rights apply to every child/young person under the age of 18 and to adults still eligible to receive a “children’s service” (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the “General Principles” and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

1. Non-discrimination (Article 2)
2. Best interest of the child (Article 3)
3. Right to life survival and development (Article 6)
4. Right to be heard (Article 12)
