Impacts

This section demonstrates the considerations that have been made in relation to the policy - and that the impact of proposals made is understood and accepted.

2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies the [protected characteristics](#) that the policy potentially affects and records the impact and mitigating steps.

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	What is the impact?				
	Negative			Neutral	Positive
	High	Medium	Low		
Age				X	
Disability				X	
Gender Reassignment				X	
Marriage and Civil Partnership				X	
Pregnancy and Maternity				X	
Race				X	
Religion or Belief				X	
Sex				X	
Sexual Orientation				X	

2.2 In what way will the policy impact people with these protected characteristics?

This is an increase to a penalty notice charge for drivers who contravene the road restriction in place in signed areas. Although an increase will have more of an effect to income, it does not avoid the fact that this is still a contravention or road restrictions and therefore has no focussed impact on any road user using the road lawfully.

2.3 What considerations have been made in reaching the above assessment?

What internal or external data has been considered? What does this data tell us?

What consultation and engagement and has been undertaken with officers and partner organisations?

Chief Officers from all other services have had sight of all budget options being put forward.

What consultation and engagement and has been undertaken with people who may be impacted by this policy (e.g. citizens, community groups, or other people/groups)?

Budget consultation phases 1 and 2. Public budget consultation events have also been held at both Town House (12 Jan 2024) and Aberdeen Grammar School (23 Jan 2024), with a further opportunity for feedback to be submitted online open until 26 Jan 2024.

Having reviewed the data from the consultations there were no direct links to suggest the recharging will have an impact on protected characteristics.

2.4 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?

N/A

With mitigations in place, what is the new overall rating of the negative impact(s)?

High
Medium
Low
Negative Impact Removed

3: Socio-Economic Impacts

This section is used to consider the impact of the policy on people who might be **unemployed, single parents**, people with lower **education** or **literacy, looked after children**, those with **protected characteristics** as examples.

Use this guide to understand more on socio-economic inequalities: [The Fairer Scotland Duty: Guidance for Public Bodies \(www.gov.scot\)](http://www.gov.scot)

3.1 What impact could this policy have on any of the below groups?

Group	Negative			Neutral	Positive
	High	Medium	Low		
Low income / income poverty – those who cannot afford regular bills, food, clothing payments.			X		
Low and/or no wealth – those who can meet basic living costs but have no savings for unexpected spend or provision for the future			X		
Material deprivation – those who cannot access basic goods and services, unable to repair/replace broken electrical goods, heat their homes or access to leisure or hobbies			X		
Area deprivation – consider where people live and where they work (accessibility and cost of transport)			X		
Socio-economic background – social class, parents' education, employment, income.			X		

3.2 In what way will the policy impact people in these groups?

Where citizens make an error by entering a bus lane and receive a Penalty Charge Notice, this would have the high impact to those with low income and from an area of deprivation. That said, car ownership is lower in these areas, reducing the overall impact and this is still a contravention even in the event of an error being made.

3.3 What considerations have been made in reaching the above assessment?

What internal or external data has been considered? What does this data tell us?

What consultation and engagement and has been undertaken with officers and partner organisations?

Chief Officers from all other services have had sight of all budget options being put forward.

What consultation and engagement and has been undertaken with people who may be impacted by this policy? citizens, community groups, or other people/groups impacted by this policy?

Budget consultation phases 1 and 2. Public budget consultation events have also been held at both Town House (12 Jan 2024) and Aberdeen Grammar School (23 Jan 2024), with a further opportunity for feedback to be submitted online open until 26 Jan 2024.

3.4 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?

Continue with media information and maintain road markings and signage to ensure all information can be presented to road users to reduce risk of errors.

With mitigations in place, what is the new overall rating of the negative impact(s)?

High
Medium
Low
Negative Impact Removed

5: Children and Young People’s Rights Impacts

The United Nations Convention has 54 articles that cover all aspects of a child’s life and set out the civil, political, economic, social and cultural rights that all children everywhere are entitled to. It also explains how adults and governments must work together to make sure all children can enjoy all their rights.

Children’s rights apply to every child/young person under the age of 18 and to adults still eligible to receive a “children’s service” (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the “General Principles” and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

1. Non-discrimination (Article 2)
2. Best interest of the child (Article 3)
3. Right to life survival and development (Article 6)
4. Right to be heard (Article 12)
