Impacts

This section demonstrates the considerations that have been made in relation to the policy - and that the impact of proposals made is understood and accepted.

2: Equality Act 2010 - Protected Characteristics

Aberdeen City Council wants to ensure everyone is treated fairly. This section identifies the [protected characteristics](#) that the policy potentially affects and records the impact and mitigating steps.

2.1 What impact could this policy have on any of the below groups?

Protected Characteristic	What is the impact?				
	Negative			Neutral	Positive
	High	Medium	Low		
Age		X			
Disability		X			
Gender Reassignment				X	
Marriage and Civil Partnership				X	
Pregnancy and Maternity		X			
Race				X	
Religion or Belief			X		
Sex				X	
Sexual Orientation				X	

2.2 In what way will the policy impact people with these protected characteristics?

This proposal will impact on those who wish to park their car whilst visiting, attending appointments or working in the area. Drivers can also park on the network outwith the area though this may mean a further trip on foot, cycle or bus to reach their destination.

Anyone parking to avoid the charges may impact on others. Displaced parking may impact on local communities in Seaton, around Urquhart Road and Footdee where there are no existing parking controls.

When considering people with disabilities, of older age, in pregnancy or maternity, who visit, attend appointments or work in the area, there could be a negative impact for them due to the proposed charge for the pay and display area.

Blue badge parking is free to those who have that provision.

2.3 What considerations have been made in reaching the above assessment?

What internal or external data has been considered? What does this data tell us?

Geographical data has been assessed to confirm adjacent controlled parking areas.

What consultation and engagement and has been undertaken with officers and partner organisations?

Chief Officers from all other services have had sight of all budget options being put forward.

What consultation and engagement and has been undertaken with people who may be impacted by this policy (e.g. citizens, community groups, or other people/groups)?

2.4 What mitigations can be put in place?

What mitigations are there against any negative impacts (if applicable)?

Active travel options are available, along with free parking for those with blue badge provision. Public transport does route around part of the area. Currently areas of private parking at the retail and recreational developments is free for patrons of the premises. These resources can be time restricted.

With mitigations in place, what is the new overall rating of the negative impact(s)?	High	
	Medium	
	Low	X
	Negative Impact Removed	

3: Socio-Economic Impacts

This section is used to consider the impact of the policy on people who might be **unemployed, single parents**, people with lower **education** or **literacy**, **looked after children**, those with **protected characteristics** as examples.

Use this guide to understand more on socio-economic inequalities: [The Fairer Scotland Duty: Guidance for Public Bodies \(www.gov.scot\)](http://www.gov.scot)

Low income / income poverty – those who cannot afford regular bills, food, clothing payments.		X			
Low and/or no wealth – those who can meet basic living costs but have no savings for unexpected spend or provision for the future		X

Socio-economic background – social class, parents' education, employment, income.		X			

3.2 In what way will the policy impact people in these groups?

This policy would impact those wishing to visit the area where a charge would now be required to park. There is also a history of people parking at the beach to avoid parking charges within the city centre. The displaced parking from the beach is likely to accumulate in residential areas around Park Road area, Seaton and Footdee areas, creating further parking pressures in these areas.

Children’s rights apply to every child/young person under the age of 18 and to adults still eligible to receive a “children’s service” (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the “General Principles” and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

1. Non-discrimination (Article 2)
2. Best interest of the child (Article 3)
