Children's rights apply to every child/young person under the age of 18 and to adults still eligible to receive a "children's service" (e.g. care leavers aged 18 – 25 years old).

The Conventions are also known as the "General Principles" and they help to interpret all the other articles and play a fundamental role in realising all the rights in the Convention for all children. They are:

- 1. Non-discrimination (Article 2)
- 2. Best interest of the child (Article 3)
- 3. Right to life survival and development (Article 6)
