

Local Place Plans | Notification of Intent

What are Local Place Plans?

Local Place Plans are a way for local communities to think about how to make their place better, to agree priorities, and to take action (often working with others) to make change happen.

Aberdeen City Council Local Place Plans [webpage](http://www.aberdeencity.gov.uk/services/planning-and-building-standards/place-planning) (www.aberdeencity.gov.uk/services/planning-and-building-standards/place-planning) provides information on how Local Place Plans are prepared within the community and then submitted to Aberdeen City Council, including guidance and tools that can help you when you are preparing your Local Place Plan, and how they can be used once validated and registered.

Aberdeen City Council register allow you to check for registered Local Place Plans within your local area, and in other local communities in Aberdeen.
