		Our Milltimber West development has demonstrated an ongoing market through the economic downturn. Our recently released second phase has sold well, and there is no evidence to suggest this will not continue. It is therefore prudent to plan for an extension of the site beyond the current allocation.	

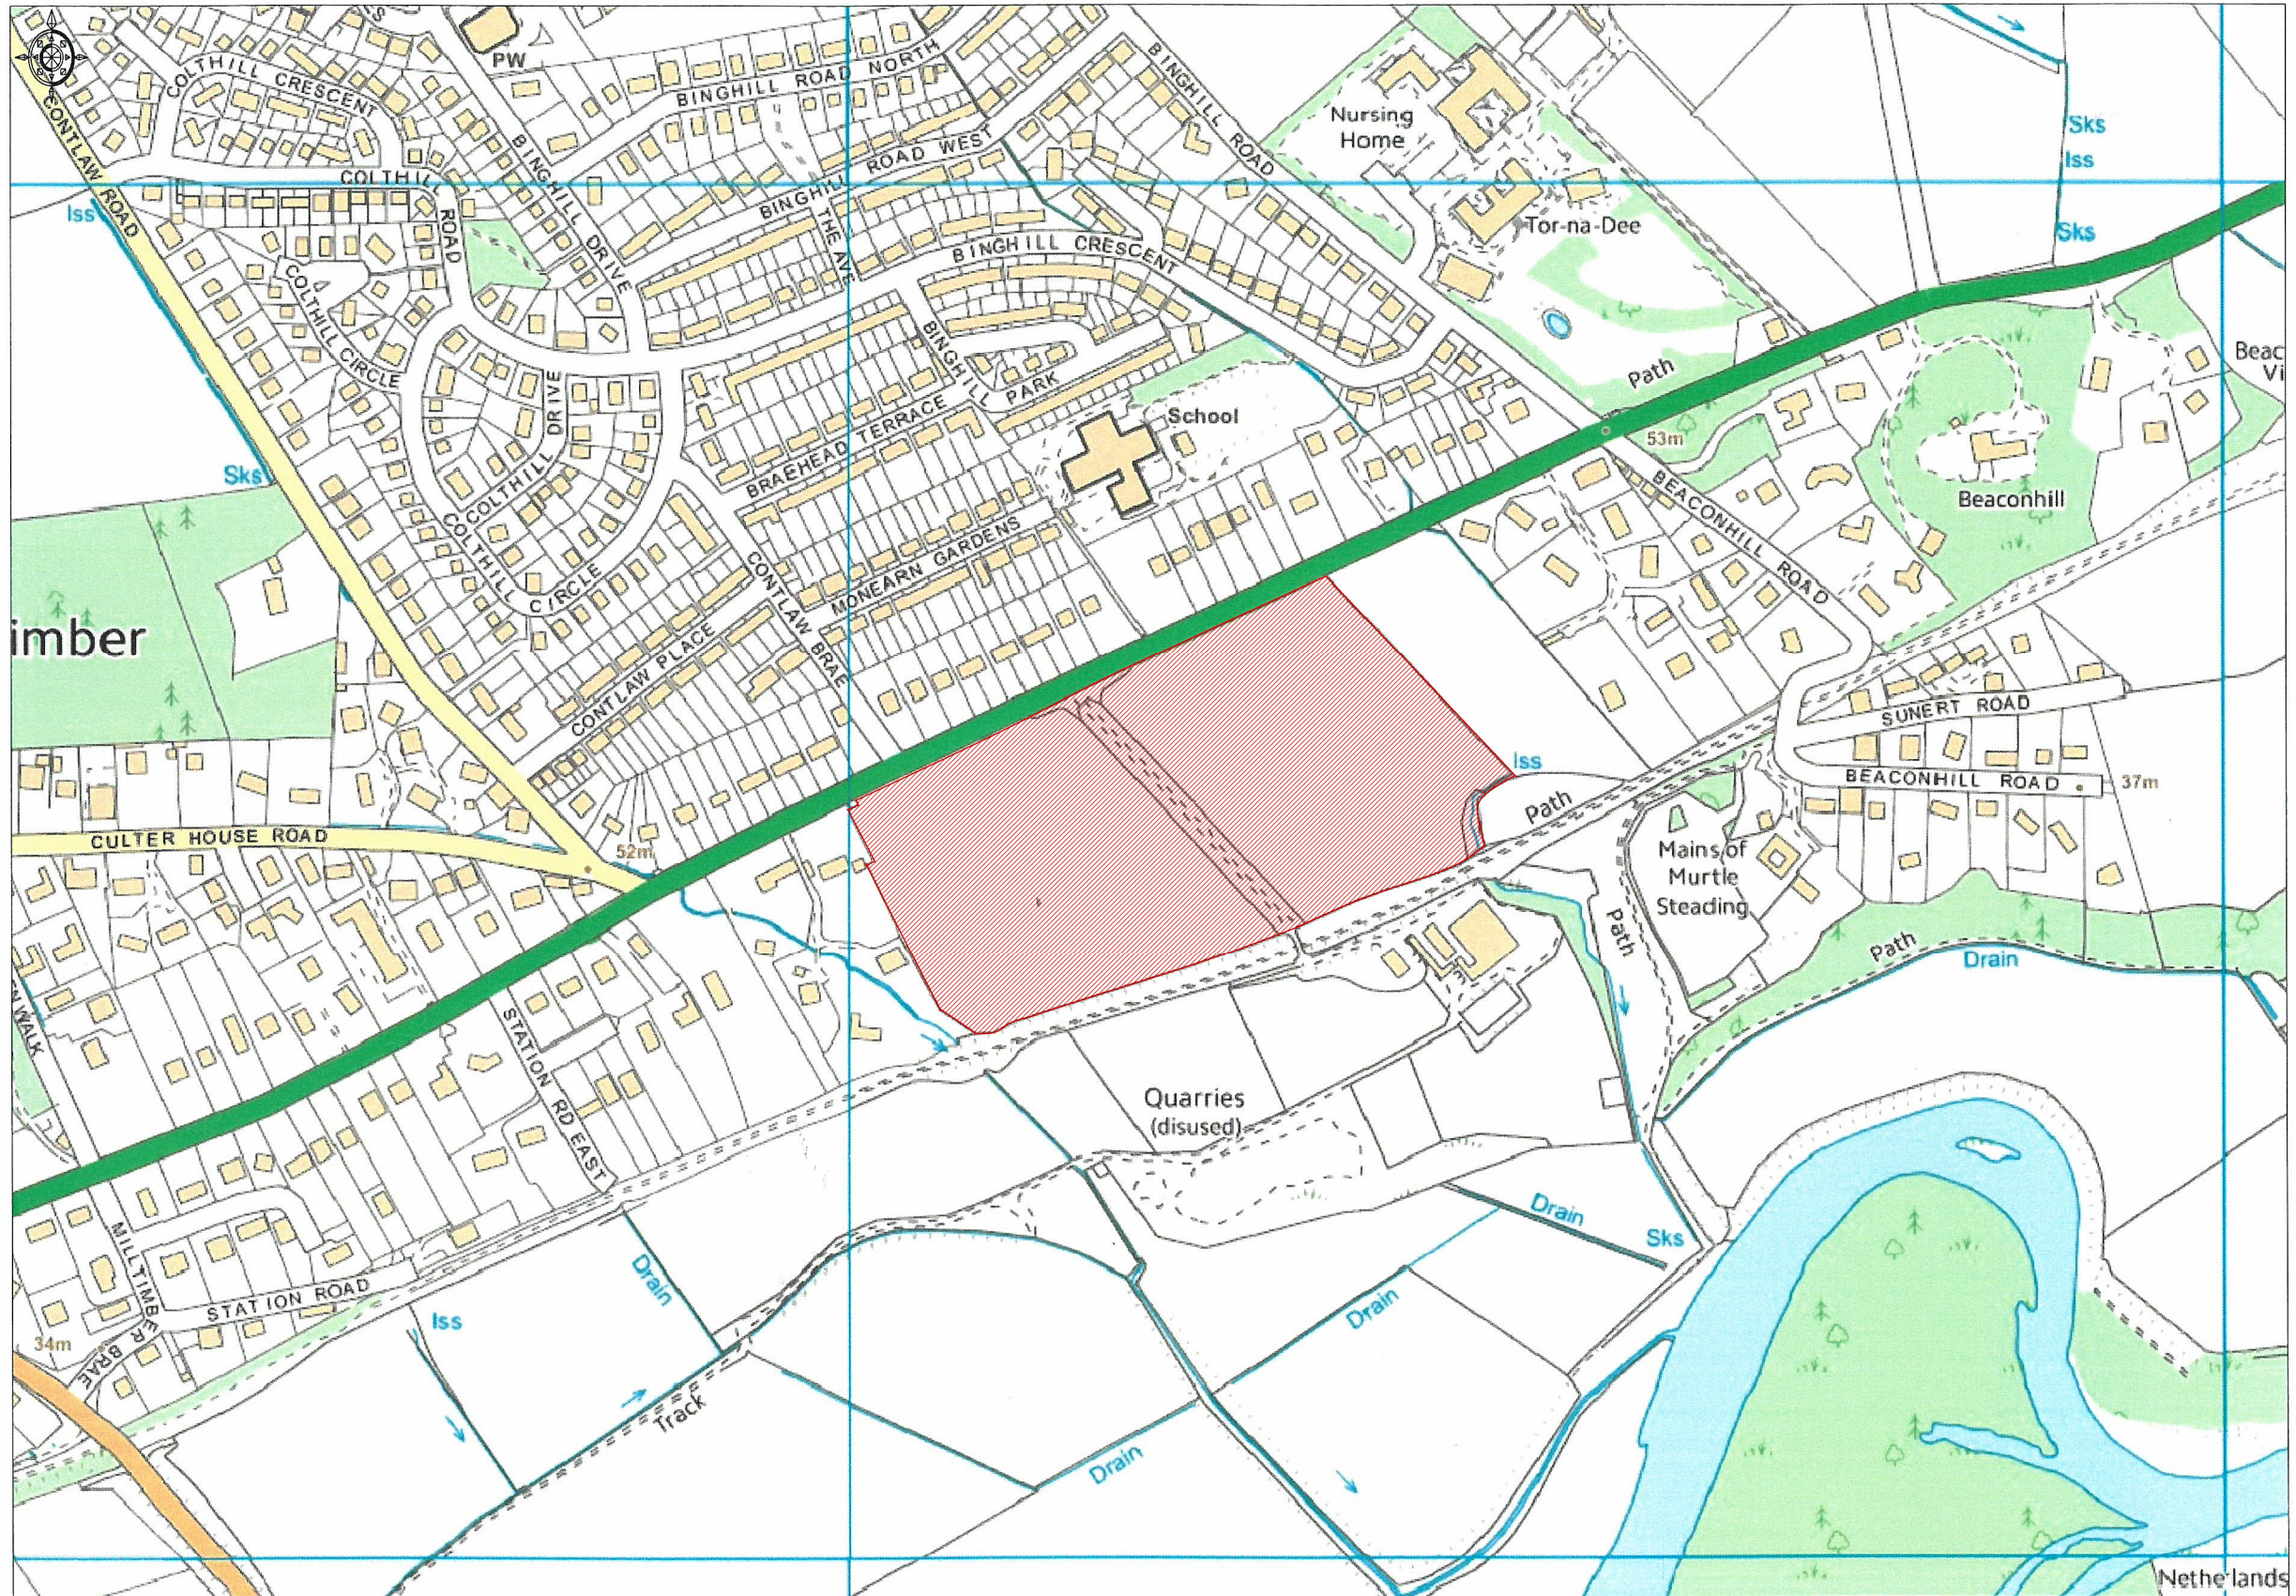

The site is currently included in the Local Development Plan for the provision of 60 houses and 1225 sqm of retail/commercial use. The site is combined with adjacent land not under the control of Bancon Homes.

A joint masterplan is being explored for that site, and will hopefully enable the development of the site.

However, the capacity of the site is considerably more than the 60 units allocated, and public consultation has revealed opposition to the commercial and retail elements of the development. It is therefore proposed that the allocation be split between the different landowners, and the housing numbers increased to a more sensible level. It is therefore submitted that the part of the site shown on the attached plan be zoned for the development of up to 90 houses, including 25% affordable housing.

Bancon Submit that this is a sustainable and deliverable development opportunity, in keeping with the surrounding land uses, and can contribute towards the housing needs and demands of the area.

The Strategic Development Plan Main Issues Report identifies a requirement to identify a range of smaller sites, to compliment the large allocations in the 2017 Local Development Plan that have, to date, failed to deliver the housing needs and demands at a suitable rate. Inclusion of more, smaller sites can ensure that the housing land supply remains genuinely effective and deliverable.
